Introduction of both Universities

Hamdard Institute of Management sciences, Hamdard University:

Shaheed Hakim Mohammed Said envisioned and established Hamdard University to be one of its kind and Higher Learning University in the Private Sector was established in February 1991.The Hamdard University, Karachi Pakistan (HU) is the leading and largest research university in Pakistan with Campuses in Karachi and Islamabad.Hamdard Institute of Management Sciences is situated in between the shades of green interlaced with flowers and fruits of varying hues and colors, coupled with a rich and varied fauna, sustained by the proximity of the Hub River, lend a distinct flavor to an ideal site suited to academic and research pursuits, away from the hectic life of the mega polis. Nature, at Hamdard, manifests itself explicitly. Hamdard Institute of management sciences offers Degree programs in Finance, Marketing, Supply Chain Management, Health care and Human Resource Management. Library contains 7003 books to facilitate their students on concurrent basis. Student counselling and Bodies, CSR activities and corporate events are the major areas on which HIMS is working, already.

Federally Administered Tribal Areas (FATA) University:

The establishment of an institution of higher learning in the Federally Administered Tribal Areas (FATA) remained the long-standing demand of the people of this region. The plan for setting up the FATA University of international standard in FATA was finally conceived when the former Prime Minister of Pakistan, Mr. YousafRazaGillani announced its establishment during a meeting with MNAs from FATA on January 16, 2009. A subsidized Fee structure as compared to the other public sector universities was offered. Moreover, for the FATA students a fee structure of further discount 50 % in the tuition fee has also been granted with the approval of the Chancellor. Twenty overseas scholarships for higher studies (Ph. D) in various disciplines were advertised through press. Various types of students' societies have been constituted for arranging workshops / seminars, sports meets and other extra-curricular activities in the FATA University. These societies have arranged several workshops and seminars on various topics besides Book fairs for promoting the culture of learning. Establishment of Academic, Administrative, Residential and Common facilities at a covered area of more than 250,000 square feet is a plan featuring for pursuing in near future.

General Purpose of the MoU:

The purpose of this two party Memorandum of Understanding (MOU) is to establish a collaborative relationship to promote research culture in academia for the mutual benefits of both the Universities.To share knowledge and expertise relevant to Management Sciences and Business Administration.

Following is the list of proposed activities for both the partners Universities:

- **Two parties can jointly organized International Research Conferences, seminars and Research Symposium to promote research culturein both the universities.**

Scanned with CamScanner

- **Joint Researches , paper publications and technological exchange program**

- **Faculty trainings and workshops under the Faculty development program.**
- **Industry based Research projects including startups**
- **Participation in Research Advisory boards**
- **Any other activity after seeking acceptance from both the parties**

Specific Purpose of the MoU:

- The specific **purpose of signing this MoU is to collaborate for the coming International Research conference going to be held in September 18 – 19, 2019 at Hamdard University.**

Call for paper for Upcoming Conference at Hamdard University

1st International Research Conference on Business Excellence and Sustainability (1stIRC-2019) which will be organized by Hamdard Institute of Management Sciences, Hamdard University, Karachi (HIMS-KHI)on September 18-19, 2019 at BaitulHikmah Auditorium, Hamdard University Main Campus Madinat al-Hikmah, Hakim Mohammad Said Road Karachi - 74600, Pakistan.

About IRC-2019

The aim of 1stIRC-2019 is to highlight the importance and developmental framework with regards to business excellence and sustainability. Business excellence is about achieving superior business results in relation to the competitors by means of developing and strengthening the management systems and processes of an organization in the emerging economies.

Sustainability is a comprehensive approach to management of organization which is focused on creating and maximization log-term economic, social and environmental value. It is the response of the challenges of the modern world facing organizations from the public and private sectors. As leading edge continues to reside in firm's ability to leverage and utilize knowledge, innovate, and act entrepreneurially, SMEs, family businesses and service organizations around the world and the developing world must undergo strategy rethink.

In the new economy, organizations that have honed the skills of managing knowledge and developing value-adding innovations would compete successfully. Creating and sustaining knowledge and innovations are key outcomes of inter-organizational collaborations and relationships, particularly for small and medium enterprises, which lack the resources to develop such capabilities internally. Research into these dynamics and processes are of interest. Also, the current growth in domestic outsourcing, off shoring, franchising, and non-ownership services, public-private sector partnership, and other forms of business relationships and models involving entrepreneurial SMEs and family businesses need more
